

3rd EGYPTIAN-SPANISH JOINT CALL FOR IT TECHNOLOGICAL CO-OPERATION 2018 - 2019

JOINT ITIDA-CDTI CALL FOR PROPOSALS UNDER THE EGYPTIAN-SPANISH IT INNOVATION PROGRAMME (ESITIP).

Joint Programme for Co-operation signed by the Information Technology Industry Development Agency (ITIDA), and the Centre for the Development of Industrial Technology, E.P.E. (CDTI), on the 4th July, 2016. The objective of the joint Egyptian-Spanish programme is to promote and fund market - driven research and technology development as well as to encourage partnerships and business-led R&D&I collaborative projects between entities from both countries. The Parties agreed to launch joint Calls for Proposals.

The joint call for proposals aims to launch ambitious joint projects of a high international standard between Egyptian and Spanish organizations. Potential projects will be funded by ITIDA in Egypt and CDTI in Spain.

CALL GUIDELINES:

➤ NODAL IMPLEMENTING AGENCIES

The Information Technology Industry Development Agency, Ministry of Communication and Information Technology, Government of Egypt and the Centre for the Development of Industrial Technology, E.P.E., Ministry of Science, Innovation and Universities, Government of Spain, are the nodal implementing agencies from the Egyptian and Spanish sides, respectively.

The Information Technology Industry Development Agency (ITIDA) is the nodal agency under the Ministry of Communication and Information Technology, Government of Egypt, for the promotion of research, development and innovation in the field of Information Technology (IT). ITIDA funds and supports Egyptian industry working in the area of IT.

The Centre for the Development of Industrial Technology, E.P.E. (CDTI) is a Public Entity under the Ministry of Science, Innovation and Universities, Government of Spain, which fosters the technological development and innovation of Spanish Companies. Since 1977, it has been the entity that channels and supports applications for national and international R&D&I projects of Spanish Companies.

➤ **THEMATIC AREAS**

This Call for proposals is a generic call open to collaborative R&D projects in all areas of Information Technology (IT) but a bigger weight will be to:

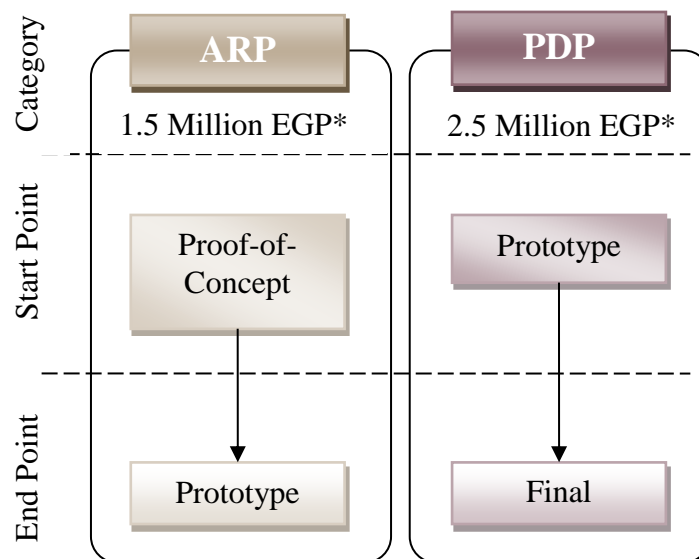

Strategic Areas: Wireless and Cyber Security, Electronics and Embedded Systems for ICT Applications , ICT for Homeland Security, ICT for Transportation, ICT for Health, ICT for Agriculture, ICT for the Disabled, ICT for Education, ICT for Energy.

Technology-Trend Areas: Mobile Applications and Computing, Cloud Computing, Data Analytics and Big Data, Internet of Things, Gamification, Cognitive Computing, Smart Machines, Blockchain and Virtual and Augmented Reality.

➤ **TYPE OF PROPOSALS**

Industry-driven and market-oriented R&D projects, joint technological co-operation projects between companies and researches in Egypt and companies in Spain consisting in the development or substantial improvement of new products, processes or services will be considered.

ITIDA will fund Product Development Projects (PDP) and the Advanced Research Projects (ARP). Each of these projects has its conditions on the entry point and the final output as summarized in the figure below:

Duration of projects: from 1 year up to 2 years.

**The funding conditions from ITIDA are set in EGP and explained in ITIDA Financial Guide. They refer to the value of both currencies on the date of the launch of the Call (15th of November). ITIDA will fund Egyptian entities with the maximum amount expressed (EGP 1.5 million for ARPs projects and EGP 2.5 million for PDPs projects) and any extra amount should be funded by the Egyptian company.*

Additional fund of EGP 250,000 will be offered to IC Fabrication and Circuit Prototyping.

➤ TIMETABLE

- Launch of Call for Proposals: 15th of November, 2018
- Deadline for Submission of completed applications: 31st of January 24:00, 2019 Spain local time.

Further information on ITIDA funding is available in English and Arabic. For further details visit ITIDA's website <http://www.itida.gov.eg>

Further information on CDTI funding is available in Spanish. For further details visit CDTI's website <http://www.cdti.es>

➤ **ELIGIBLE COSTS AND FUNDING**

The project must clearly specify the costs of each and all the activities pertaining to the project and delineate the costs to be respectively borne by the Spanish and Egyptian partners. The cost of the Egyptian and Spanish partners must be eligible under the laws that may be applicable in each country and under internal regulations of CDTI and ITIDA, respectively.

The funding conditions from ITIDA are set in EGP and the ones from CDTI in €. Budgets must be expressed in the local currency of each applicant. All figures and budgetary conditions in this Call refer to the value of both currencies on the date of the launch of the Call (15th of November).

The maximum imbalance between countries (namely its partner's budget) cannot exceed the general agreement from the European Union imposition regarding participation in R&D International Projects. None of the countries' budget (namely the budget of its entities participating in the proposal) can have more than 70% of the global budget.

The Spanish company will be funded according to the International Technological Cooperation Projects' conditions identified on the CDTI's website. ITIDA funding conditions are explained in ITIDA Financial Guide.

CDTI can only provide funding to Spanish companies subject to budget availability.

- As per CDTI's regulations, project expenditure eligible costs will include amortisation of assets, outsourced technical collaborations, material costs, technical personnel and other costs (indirect costs, audit costs).

ITIDA can only provide funding to Egyptian Researchers or Egyptian Companies subject to the amounts indicated in the table below.

| Project Category | ITAC Fund Limit (EGP) | Additional Fund to IC Fabrication and Circuit Prototyping (EGP) |
|-------------------------|------------------------------|--|
| PDP | 2,500,000 | 250,000 |
| ARP | 1,500,000 | 250,000 |

- ITIDA support may be used towards eligible budget items as explained in ITIDA Financial Guide. Extra project budget that apply to the maximum imbalance from the European Union imposition regarding participation in R&D International Projects must be provided by the Egyptian company.

- The budget covers only ICT components. Securing separate fund for non-ICT components is a prerequisite (for e.g. components related to agriculture, health... etc.)
- As per ITIDA's regulations project expenditure eligible costs will include: Equipment costs (capital assets), salary cost towards research manpower employed for the project, consumables, contingency, travel and overheads (for universities up to 20% only of the total budget). That does NOT include:
 - Rental
 - Furniture
 - Electricity bills
 - Stationary
 - Salaries for administration jobs (accountant or legal departments within the company)

➤ **REVIEW PROCESS AND EVALUATION**

All applications will be treated as strictly confidential. All received proposals are peer reviewed and processed independently by both sides. After having received the recommendations of the respective evaluation panels, ITIDA and CDTI will jointly arrive at mutual understanding on the projects to be funded.

➤ **EVALUATION CRITERIA**

The joint projects must meet the general requirements of the funding organisations.

The projects to be funded are chosen by evaluating them as a whole. The evaluation is based on the points listed in the guidelines for writing the project plan. Special emphasis will be on:
